Experience

NOV 2024 – PRESENT
LEAD PRODUCT MANAGER - ROBOTICS
Opentrons Labworks | Long Island City, NY

- Drive strategic product management for Opentrons' protocol authorship software (Protocol Designer, OpentronsAI, and Protocol Library), leading complex initiatives from discovery to launch while defining product requirements, user stories, and key performance metrics.
- Serve as the primary product expert, directly engaging with end-users (scientists and technicians) to gather critical insights, validate product concepts, and ensure software solutions precisely meet user needs.

JUL 2021 – NOV 2024
DIRECTOR OF PRODUCT - SOFTWARE
Opentrons Labworks | Long Island City, NY

- Developed a strategic multiyear product roadmap for Opentrons' open-source lab automation platform, encompassing a suite of hardware and software products.
- Led the expansion of the product management team from 2 to 10 and implemented standardized team-wide processes.
- Established and managed a Technical Content team responsible for creating product manuals and open-source documentation.

JAN 2020 - APR 2021
SENIOR PRODUCT MANAGER
Postlight | New York, NY

- Collaborated closely with Postlight's design, content strategy, and engineering teams to conceptualize and build a new developer site for an Atlanta-based email marketing company.
- Conducted user research, including interviews, competitive audits, and surveys, and synthesized findings in collaboration with the design and content strategy teams.

JAN 2016 – AUG 2018
SENIOR PRODUCT MANAGER
Work & Co | Brooklyn, NY

- Coordinated Work & Co's design and engineering teams responsible for the new eCommerce site for a Mexican-based airline.
- Led the research track of a strategy and design project for a Seattle-based airline's next digital inflight experience. Activities included stakeholder interviews, guest and flight crew interviews, competitive audit flights, and guest surveys.

JAN 2013 – DEC 2015
PRODUCT MANAGER - SOFTWARE
MakerBot Industries | Brooklyn, NY

- Oversaw the release of 35 updates for MakerBot's desktop 3D printing software application.

FEB 2012 – JAN 2013
SOFTWARE QA ENGINEER
MakerBot Industries | Brooklyn, NY

- Led quality assurance testing for 8 software and firmware releases, including a product launch (MakerWare v1.0).
